

OKC Boulders is open to the public for viewing during normal business hours. The yard is not normally staffed, as we are generally busy with delivery, installation and dirt work with our parent company Shamrock Dirt Work. Feel free to browse our selection and we can provide assistance as needed.

About us

A local, veteran owned and operated business, specializing in large boulders and decorative rocks. We started this boulder and rock company to compliment our parent company, Shamrock Dirt Work.

From the beginning, we set out to source material not available to our local competitors. Our goal is to provide unique, one of a kind rocks and boulders to create exceptional landscapes.

Whether your project is erosion control or beautification, feel free to stop by and view our regularly updated inventory.

For more selection and ideas, visit our websites to view our many photos and videos of available rock and installations.

Shamrock Dirt Work

Delivery and Installation can be provided by Shamrock Dirt Work.

Shamrock Dirt Work is a small family business and parent company to OKC Boulders.

We provide professional quality excavation and demolition services to Oklahoma City and surrounding area.

Since 2012, our company has been improving the land of local businesses and homeowners.

We are veteran owned and operated and insured.

Services include excavation, demolition, road maintenance, building pads, tinhorn installation, erosion control, tree removal, land grading, gravel and more. Specializing in residential dirt work of all sizes.

View our website for tons of photos and videos showcasing our work.
